The nourishing gold of the sea has finally arrived!

Dietary supplement in Algae Oil containing Omega-3 fatty acids such as DHA and EPA.

Extracted from the Microalga Schizochytrium sp, it is a seasoning oil with a delicate lemon aroma, rich in OMEGA 3.

Omega-3 (DHA and EPA) are essential fatty acids that our body cannot synthesise and must therefore necessarily be ingested through the diet.

## BENEFITS:

- ⇒ Infant and child brain and visual development
- ⇒ Prevention of neurodegenerative processes and ocular ageing
- ⇒ Improvement of sports performance
- ⇒ Anti-inflammatory action
- ⇒ Health of the heart and cardiovascular system
